

# KOE25 Fashion Show

## Press release

### KOE25 Fashion Show by LAB Institute of Design and Fine Arts showcases up-and-coming fashion designers.

KOE is the annual show where graduating designers' thesis collections take the center stage. It's part of the international Fashion In Helsinki event, gathering together the best of Finnish fashion design.

The collections are based on the graduating designers' thesis research and this year inspiration was drawn from the art of craftsmanship, the phenomena of shame, body horror, historical hunting gear, Filipino embroidery, lesbian dressing aesthetics, dog hair, and the inventive reuse of everyday objects such as umbrellas.

The event is free of charge, but registration is required. Link to reservation at [www.koefashionshow.com](http://www.koefashionshow.com).
